

AMAZING PLACE 2015 Annual Report

As a ministry built on relationships, we recognize that our reach goes beyond serving those with dementia and their families in our beautiful day center. Our mission also connects us to those in Houston who need education, resources, training or information about dementia and how it impacts those they care for and love. In 2015, our service to the 2,600 individuals in the community focused on several initiatives including educational Brain Health Matters presentations, clinical training for nursing/medical students, professional peer educations, counseling and support to families in the community, and supportive classes and seminars.

Recently I was interviewed by The National Alzheimer's and Dementia Resource Center as they prepare a paper and case studies about how faith-based organizations are serving those with dementia in their communities. Our founder, Rev. Dean Robinson, recognized this over 20 years ago – that faith communities can play a vital role in supporting the dramatic rise of adults facing this devastating and debilitating diagnosis.

As we celebrate this significant anniversary, we must express deep gratitude to the many churches in our community which have governed and supported Amazing Place. Their extraordinary spiritual leaders, generous outreach support, dedicated and passionate volunteers, and powerful prayers have held up this mission and made it the significant, growing resource it is today.

In 2016, we have implemented a new governance structure, which includes the launch of a Council of Congregations, to further strengthen the bridge between Amazing Place and the congregations in our community. Together, as a community of faith, we will continue to meet the challenge and make a difference in the lives of families dealing with this difficult journey – both within our state-of-the-art day center, and throughout our great city.

Celebrating our blessings,

Tracey Brown, Executive Director
May 2016

Management and general	519,804
Development	249,472
Total expenses	2,282,484
CHANGES IN NET ASSETS	(59,990)

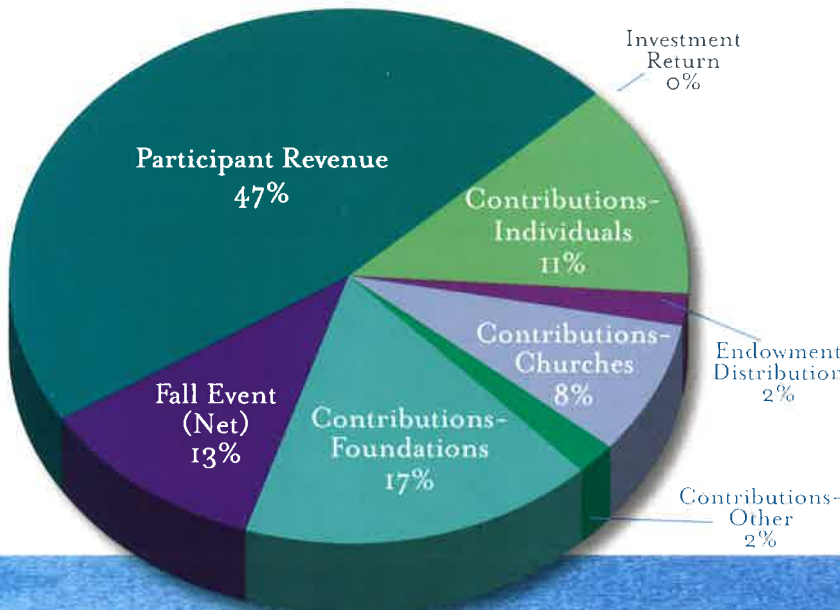

Our financial statements and independent auditors' report for the years ended December 31, 2015 and 2014 are available on our website, www.amazingplacehouston.org

Income from our participant day program continues to be our largest source of revenue, representing 47% of total revenue. This revenue streams to Amazing Place from private pay, private pay in combination with a scholarship, long term care insurance and assistance to some individuals from the Veterans Administration.

Scholarships granted for assistance to attend Amazing Place totaled \$190,832 – an increase of 26% from 2014. Approximately 24% of our families receive some form of scholarship, which range from 20% to 85% of our monthly rates, depending on the individual situations. Additionally 17% of our participants attended under the program paid for by the Veterans Administration.

We supplement our operations through contributions and our annual luncheon. Contributions from foundations, churches, individuals and corporations made up 37% of our needed unrestricted gifts.

2015 REVENUE

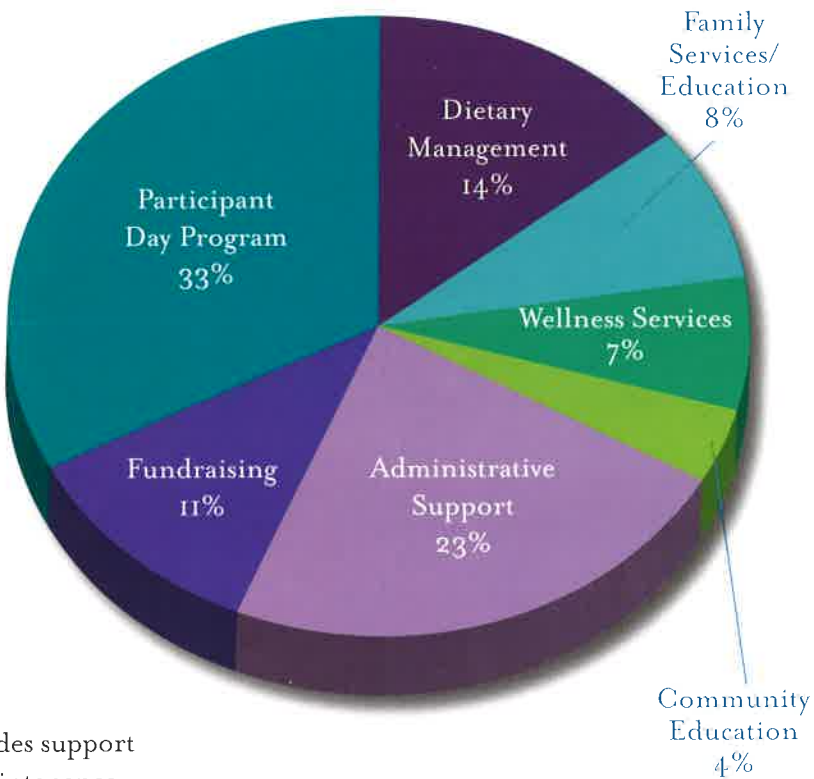

Our Program Services, representing 66% of total expenses, includes our day program, dietary management, family services and education, wellness, and community education. These expenditures do not include scholarships granted, which totaled \$190,832.

Our day program provides structure, stimulation and wellness for participants with mild to moderate dementia Monday through Friday. Our participants also benefit from a three-course brain healthy lunch and snacks each day, following the nationally-recognized Memory Preservation Nutrition® Program. Full time registered nurses on-staff provide medication monitoring and wellness services. In addition, our family services and education department provides much-needed support for caregivers through support groups, caregiving classes and psychosocial counseling.

Through our community education program, we continue to invest in providing community support and education about brain health and dementia, serving over 2,600 individuals through this effort.

Our Management and General expenditures includes support systems for our Program Services including the maintenance of computers, data, the building and grounds as well as marketing and communications. With the natural denial, fear and resistance regarding dementia in our society, it takes tremendous resources to continue to serve and attract those who need our unique program.

2015 EXPENSES

FAITHFUL Donors

To ease the financial burdens of our caregiving families, Amazing Place strives to keep the daily rate reasonable. This daily rate does not cover the actual daily operating cost. Annually, our fundraising efforts bridge this difference between the total amount paid by caregiving families and actual operating expenses. While every effort has been made to ensure the accuracy of this list and recognize donors and their intentions accordingly, we acknowledge and apologize that errors or omissions sometimes occur. We are truly grateful for all of the generous donors who gave to Amazing Place in 2015. Every gift has been a blessing.
