

Contact our Health Services Team

We are here for you

In an effort to maintain community and connectedness, our Health Services team will be calling our families each week to check-up on our caregivers and participants, survey their experiences, and provide support in every way possible.

To return a call from our team, please leave a voicemail at (713) 552-0420 ext. 2402, and we will promptly reach out to you.

**Logan Campbell,
RN, BSN**

Health Services
Manager

Contact our Clinicians

We are here for you, too

While we halt our daily on-site day programming and education and training initiatives, our staff will continue to be actively available for support, resources, and guidance.

None of us knows exactly what to expect with Coronavirus in the near future, but we do know that our faith will steer us in taking care of each other as best we can.
